TALEBEARER PAINS PEOPLE

DEFEATS ALEX GETZ AND BRIZZ AND PROVOKES A JUDICIAL INQUIRY.

Weather Fine and a Big Crowd Turns Out, but the Track Remains Heavy and Holding —Gainer Sold.

New Orleans, La., January 26.—Talebearer's sudden improvement when he came home in advance in the fourth race, defeating Alex Getz and Brizz, after having shown high speed in pacemaking for the entire way, was the outstanding surprise of the racing this afternoon. In a previous start when favorite, he finished a distant last, Brizz winning in easy fashion.

Trainer George Hennessy and owner J. M. Booker were called into the stand to explain Talebearer's improvement. They claimed the horse was jumped on in his last race and they were until late at night in stopping the flow of blood. It is true that the wound broke again this afternoon and blood was dripping from the leg. They were notified that the stable would be held to strict account for its running in the future.

Today's attendance was by far the best Friday crowd that has been present this winter, but there was nothing particularly outstanding in the racing line, most of the contests being routine and slow time the order throughout. Favorites were beaten in many instances.

Weather conditions were ideal for the sport, but the track responded in slow fashion to the constant labors of the big force of harrowmen and, if anything, was worse than at any previous time this winter.

J. M. Huffman, who was ruled off by steward C. J. Fitz Gerald during the Hawthorne meeting, for failure to give up Mary H. after she had been claimed, received word today from Thomas Carey, that the Illinois Jockey Club had restored him to good standing.

Jockey H. Watts was an arrival from Havana and will ride for H. G. Bedwell.

J. M. Zimmer today bought, on private terms, the horse Gainer from the Greentree Stable.

Mrs. C. N. Darke added Sleepy Sam to her string today, having purchased him on private terms.

J. J. McCafferty will ship Ray o'Light and Reno to Havana tomorrow.

Brizz was claimed after the fourth race by J. M. Booker for $1,150.

The following have been nominated to the De Soto Hotel Handicap of $1,000, at one mile, to be run on Thursday: Grundy, Whirling Dun, Warsaw, Tioga, Monomoy, Fizer, Dr. Tuck, Lucile P., Bullion, Ben Hampson, Diamond and Opportunity.

IMPORTANCE OF AMATEUR RACING CLUBS.

Came to the Rescue at a Time When the Turf Was Passing Through a Crisis—Now Thriving.

Much of the popularity of later-day racing was occasioned by the amateur sportsmen, who became more active when the ban was placed on the sport as conducted at the regular tracks under the supervision of the Jockey Club. These gentlemen have become more ambitious with each succeeding year, but the announcements made by the United Hunts Racing Association and the Piping Rock Racing Association last week indicate that they have not yet reached the limit.

The United Hunts has made the greatest strides and has grown in the last few years from a small membership of 70 to 267. At the annual meeting the members were so enthusiastic that they looked forward confidently to a muster of 400 before the next meeting. Every member taken into this association is a lover of the horse, and prepared to spend his own money to keep the sport in a flourishing condition. That was shown by the announcement that $15,000 had been guaranteed to insure the success of the spring and fall meetings of the United Hunts, as well as by the conditions of the new double event steeplechase, which call for each subscriber to contribute $1,000, all of which will be in the nature of a sweepstake, as the winners of each section of the double event will take all the prize money.

Perry Belmont, who made the first move to get real racing re-established by running the hunt meetings and letting the courts adjudicate on the validity of individual betting, is still at the head of the United Hunts Racing Association. Among the other officials and warm supporters are F. S. Von Stade, Lewis J. Waring, I. J. R. Muurling, H. A. Buck, J. Temple Gwathmey, Henry L. Bell, Joseph E. Davis, Charles L. Appleton, James Park, W. R. Coe, J. Searle Barclay, Jr., Edward F. Whitney and W. Carson Kane.

Almost as active in the revival of racing as the United Hunts was the Piping Rock Racing Association, and the latter body is not far behind with the announcement of a new steeplechase fixture, due to the liberality of S. Bryce Wing and L. Stuart Wing, who have given a handsome challenge cup and guaranteed $1,000 a year in prize money for a steeplechase to be run as a memorial for their father. This will be only one of the big events to be run at Piping Rock, but that fixture is likely to be minus some of the big private sweepstakes that have been features in the past. If these are not renewed it will be probably because of the new rule of the Jockey Club, which takes away the maiden privileges from the winner of such an event. Some of the contributors to this form of racing take the view that in a private sweepstakes they are racing for their own money, and no matter how much that may amount to, a victory should not place the winner in the same position as a horse that won an event where at least part of the money was added by the association holding the race.—New York Times.

INVITES PRESENTATION OF EVIDENCE.

New Orleans, La., January 26.—Replying to the communication of Miss Jean Gordon, secretary of the Citizens' Reform League, sent to Governor Pleasant, the foreman of the grand jury now in session and District Attorney Luzenberg, the latter this morning makes it evident that he has not changed his views in his former interpretation of the law, which was upheld by two former grand jury investigations. But if the conditions Miss Gordon alleges exist, they constitute law violations and Mr. Luzenberg invites Miss Gordon and others of the reform league, to submit names of witnesses to testify before the grand jury.

THIRTY FOUR-YEAR-OLDS WHICH EXCELLED IN WINNING MONEY IN LAST YEAR'S RACING

Some splendid four-year-olds shed lustre on the racing of 1916. Of these The Finn was best. After winning the Metropolitan Handicap and running its mile in 1:38, with 120 pounds up, he trained off and was not himself for some time. But at Saratoga he began to regain health and form and throughout the fall was a great race horse. The only time he was beaten after winning the Champlain Handicap at Saratoga was when Friar Rock and Roamer defeated him in the Saratoga Cup. In his last two races he carried high weights and vanquished such stars as Spur, Borrow, Stromboli, Roamer, Bayberry Candle, Short Grass and Capra. He is a fine horse and should shine again this year. Ed Crump was another capital four-year-old, fast, up to carrying high weights and a good stayer, but not quite the equal of The Finn. These horses were all good stayers, as also were Runes and Rancher. Another kind of four-year-old, Top o' th' Morning, was one of the best sprinters of the year and a horse of remarkable speed. The fact that out of twenty-four races he won half and was only four times unplaced speaks for itself, especially since he was generally competing with his own class. Some other sprinters of notable speed were Chalmers, Sand Marsh and A. N. Akin. The Waterboy gelding, Pif Jr., was an example of the old-time stayer. He developed slowly, but when it came to the running of the Latonia Cup last October gave a high-class exhibition and showed he was of the stuff that old-time four-milers were made of. There were many other four-year-olds which could go far and fast under favorable conditions. Of them all the thirty most successful in the important matter of winning money for their owners were the following:

SPIRITED RACING AT TIJUANA.

Close and Exciting Finishes Feature Sport Despite Bad Track—J. McIntyre Suspended.

Tijuana, Mex., January 26.—Star of Love found the going to his liking and won the Pacific Beach Handicap here today. The brown son of Star Shoot was saved behind Redland and, when turning into the stretch, O'Brien sent him to the front to win in a canter. Sasin finished tiring.

In the second race Pool stole a lead with Russ Sand and won with speed to spare. The judges did not like the ride of jockey McIntyre in this race on Miss Brush and suspended him indefinitely. Col. Matt was returned the winner of the first race after a terrific drive through the stretch, while Muriel's Pet won the third in a head finish.

Many visitors have come to Tijuana during the past few days. Among them are A. R. Loudon and C. O. Smith, eastern turfmen. They have their families with them and have come for an extended stay. S. H. Velie is another on the ground. Mr. Velie owns Lady Teresa.

Jockey Joe Byrne has been restored to good standing. Jockey Lilley has been fined $50 for rough riding with the mare Swart's Hill in the fifth race of January 22.

CURRENT NOTES OF THE TURF.

Mrs. Anna Grannan, the mother of "Riley" Grannan, the former widely-known plunger, who died at Rawhide, Nev., eight years ago, is dead, at her home in Paris, Ky., at the age of eighty-five.

In spite of all the difficulties, the Queensland Turf Club meeting was financially one of the best on record. The postponement necessitated by the heavy rain a fortnight ago may have been responsible for some slight disappointment in connection with Derby Day, when the attendance was comparatively small, and a shortage occurred in the totalizator figures, but the discount was fully compensated for by the success of the subsequent days.—Brisbane Observer.

Although Maher was a great horseman, he was not a prudent speculator in the ordinary business pursuits of life, says a London paper. It is understood that Maher lost a considerable portion of his life's savings in hotel property in America, and that in many other ways his investments in the country which he left to become a citizen of England were most unfortunate. Maher was certainly a generous chap, but he knew how to take care of himself in the mottled company in which he was often compelled to mix.

Horsemen racing at the Fair Grounds rejoice when they look back several winters ago and think of Palmetto Park, Charleston, S. C., where they raced for $300 purses, $225 to the winner, and then think of the present-day purses, which are no less than $600 for any kind of a race. This is a new record for winter racing and it bears out the statement made, when the Business Men's Racing Association was formed to the effect that the horsemen will share in any prosperity which may result from the races.—New Orleans Times-Picayune.

"Mickey" Shannon is receiving many applications for membership in the "Old Rosebud Minstrels and Good Fellowship Club," an organization which he founded in Kentucky last fall, and which has thrived from its inception. Included in its list of members are such prominent men in turf circles as Judge Charles F. Price, presiding steward on the Kentucky circuit, Judge William H. Shelley, starter Harry Morrissey, John H. Hachmeister, general manager of the Douglas Park and Latonia race tracks; Frank Bruen, Mr. Hachmeister's assistant; H. C. Applegate, treasurer of Churchill Downs; Gene Elrod, supervisor of the pari-mutuel departments at the tracks in the Blue-grass State, and many others. This club will hold sessions semi-annually, during the spring and fall race meetings in Louisville, and it is Shannon's intention to get 1,000 members before the first of next year.

NEW MILE RECORD AT ORIENTAL PARK.

Alhena, Outsider in the Betting, Hangs up a New Mark of 1:38⅘ in Feature Race at Havana.

Havana, Cuba, January 26.—The five-year-old bay gelding Alhena by Star Shoot—Belle of Glendale, today lowered the Oriental Park track record at one mile to 1:38⅘, when he won the selling handicap from three competitors, one of which, Thesieres, ran him to a head finish. The old mark was only a fifth of a second slower.

After the race Alhena changed owners, being bid up by R. M. Small, the owner of Jerry, from $1,400 to $1,700, at which figure E. K. Bryson let the winner go.

Alhena was the outsider in the betting, Jerry being an odds-on favorite with Maxim's Choice second in popularity and Thesieres third choice. Jerry went out and set the pace for a half mile closely followed by Thesieres, with Maxim's Choice three lengths away and Alhena last. Passing the half mile post Thesieres ran up to Jerry and the pair raced head and head until well into the stretch, where Alhena came along, and as Jerry tired and dropped out outstayed Thesieres in the drive to the finishing line.

Light showers fell this morning and improved the track conditions wonderfully. This country needed rain badly and, as a result of today's showers, there was a soft cushion on the track this afternoon. The soil here is ideal for a race track and all that it needs is a little rain occasionally.

Favorites won a majority of the races. All were well backed at liberal odds.

The championship baseball season starts Monday, when two games are scheduled to be played on the diamond at Oriental Park, said by experts to be the best ever constructed in Cuba.

TURF GOSSIP FROM NEW YORK.

Emil Herz has purchased a broodmare, which he will send to Kentucky to be bred to Short Grass. The transaction was made through J. Coyle, who also is figuring with Mr. Herz on a number of other mares on which he has an option in England. The one which changed hands recently is Queens Loch, a chestnut mare, eight years old, by Lochryan—Queen of the Plains. She will be shipped to Lexington with some other mares that are due from London on the Atlantic Transport liner, Manhattan. Mr. Herz has decided to go into the breeding on his own account, and is looking about for mares to mate with Short Grass.

Jockey Andy Schuttinger expects to be in fine trim when he starts in to fill his contract with the Wickliffe Stable when the season opens in Kentucky. He has been spending the winter at his home at Laurel, Md., and recently underwent an operation, having his tonsils and adenoids removed. He writes that he never felt better and that the operation has done him a lot of good. He says that he only weighs 108 pounds now, and will have no trouble in making lightweight all during the coming season.

A. B. W., Nashville, Tenn. The opening price against Mars Cassidy, coupled with Bars and Stars, was 8 to 5, as published.

QUITE INTERESTING REPORT

NEW YORK STATE RACING COMMISSION'S STATEMENT TO THE LEGISLATURE.

Effective Breeding Policies of Foreign Governments Portrayed—A Constitutional Amendment to Permit Use of Mutuels Suggested.

New York, January 26.—Chairman Wadsworth of the New York State Racing Commission, in his report to the legislature, points out that although interest in horse racing in this state has been increasing each year since the passage of the Agnew-Hart law, that there is no doubt that this increased interest was caused by the realization of the needs of this country in the breeding of horses in the event of war.

It is shown that 750,000 horses have been exported to Europe since the war started, and that no provision has been made to fill the gap. The Breeding Bureau of The Jockey Club shows that during the past ten years eighty-five thoroughbred stallions for public service throughout the state were placed at a nominal charge. These horses were mated with upward of 6,700 mares, resulting in 3,100 foals.

"Is seems essential that further stimulus be given racing if it is to be of lasting service to the industry of horse breeding," says the report. "The number of registrations of thoroughbred foals in 1916 was 1,923, 1,722 in 1913, 2,428 in 1910, but 4,415 in 1905. The amount of money distributed by racing associations in New York state last year was $650,000, or $2,000,000 less than was distributed in 1907.

"Notwithstanding the hardships entailed upon the combating nations of Europe by the war, their governments have seen fit in all cases to preserve racing for the sole purpose of retaining the best blood necessary for the propagation of the horse. England continues to race; Germany and Russia are holding large race meetings and France, through its Jockey Club, has offered the sum of $230,000 in order that the best horses of the year might be ascertained through competition and reserved for the stud.

"Can there be more conclusive evidence that grim necessity has pointed out to France the importance of discovering the best individual thoroughbreds, and that it can be done only through the instrumentality of the winning post?

"The French system of horse breeding and particularly that branch which is devoted to the production of animals for army purposes, stands as a model for the world. The French government recognizes the existence of a close relationship between racing and horse breeding and has proceeded in an intelligent manner to develop its system through a fund which is derived from a tax on speculation, through the operation of the pari-mutuel.

"The pari-mutuel has eliminated the bookmaker in France, Russia and other countries, where progress in horse breeding has been the watchword. The revenue from this tax is large enough to enable the countries named to mantain breeding studs, by which the cold blooded horses of the respective countries are constantly reinforced and enriched. No price is considered too great to pay for a desirable sire and all this blood is at the disposal of the horse breeder and farmer at a nominal fee.

"The relationship between the sport and speculation is under constant surveilance, and no wagering is permitted, except through the medium of the pari-mutuel. With speculation impossible, except at the course, where races are actually being decided, the volume of speculation is restricted in a great degree and it is the belief of your commission that the introduction of such a system would bring about a similar result in this state.

"In the state of Kentucky and in the state of Maryland, we find that the introduction of the pari-mutuel system was followed by immediate improvement. Kentucky, which in 1907, distributed in purses and prizes $380,000, distributed double that amount in 1916, and attracted the best horses in the country. Maryland is now bidding for the best thoroughbred blood of the land. New York state, which has always been paramount in the racing of the thoroughbred, is being forced by restrictive legislation into a secondary position.

"Your commission recognizes the need for thoroughbred blood throughout this country and that it can be advantageously employed only by that selected which comes from the elimination resulting from competition of the racecourse. This, it believes, can best be accomplished by following in a modified way the system of breeding and racing as used in France, and it recommends that appropriate laws be enacted to that effect, to the end that thoroughbred horse racing may be regarded and treated as a great industry as well as a sport."

While the recommendations in favor of the pari-mutuel system are made with the idea that the legislature should take the initiative toward that desired end, the State Racing Commission of course had no idea that the action of the legislature alone could accomplish the reform sought. Before any pari-mutuel system could be established here there would have to be an amendment to the present constitution of the state, adopted in 1894, which, in Section 9 of Article 1 says, in part:

"Nor shall any lottery or the sale of lottery tickets, pool-selling, bookmaking, or any other kind of gambling hereafter be authorized or allowed within this state, and the legislature shall pass appropriate laws to prevent offenses against any of the provisions of this section."

Except through the agency of a Constitutional Convention, the only manner in which the State Constitution can be amended is by having two successive legislatures, with different senates, adopt the change which then has to be ratified by a vote of the people at the next general election. Even if this and the next legislature should act favorably on an amendment to permit the establishment of the pari-mutuel system the amendment could not be submitted to the people until the fall of 1919 and, if ratified then, could not be effective until 1920.

CORRECTION IN JUAREZ CHART.

Due to an error in transmission, Star Rose was reported as having started and finished in tenth place in race 31447 and Rose Garden as scratched, whereas is was the latter which finished tenth and Star Rose was scratched.

HURRY ON TO RACE THIS YEAR.

We have the authority of James Buchanan to state that his horse Hurry On leaves Beckhampton in a few days for Newmarket, where he will be trained by Mr. Gilpin.

Mr. Buchanan's entire stud of horses in training, with the exception of Hurry On and a two-year-old filly, is to be sold at Newmarket next week.

Hurry On, an unbeaten colt by Marcovil—Tout Suite, was generally regarded as the champion three-year-old of last year. He did not run as a two-year-old, his first appearance being in a maiden plate at Lingfield last June. This he won easily from Arius. Later he won the Stetchworth Plate at the First July meeting, and the Newbury Stakes, in which he beat Blackadder, Canyon and Market Girl. By virtue of these victories he was made favorite for the September Stakes (the substitute for the St. Leger), which he won in a canter from Clarissimus. Subsequently he won the Newmarket St. Leger and the Jockey Club Cup.—London Sporting Life of January 10.

LIVE EASTERN TURF GOSSIP.

Metropolitan Turfmen Skeptical About Maryland Jockey Club Stakes Without Entrance Fees.

(By Ed Cole.)

New York, January 25.—Price McKinney and his partner, James Corrigan, who race under the nom de turf of the Wickliffe Stable, have chosen some appropriate names for their youngsters, numbering twenty-six, and which are highly thought of by visitors to the Wickliffe barns in Kentucky.

The two most talked of youngsters are Subahdar, a colt by Delhi—Runaway Girl, and Ultima Thule, a colt by Untimus—Rubia Granda. A colt that Mr. McKinney things much of for sentimental reasons is El Compadre, by Colin—Playmate. The name associates itself with Mr. McKinney's late friend and companion, Jack Follansbee, who was much interested with Mr. McKinney in Mexico and was one of the organizers of the Juarez Racing Association.

The Maryland Jockey Club has issued its stake blanks for the spring meeting. No entrance fee is charged for the four fixtures offered, starters' subscriptions only being called for, all of which goes to the winners. Horsemen here criticize the conditions owing to their having no entrance fee. They claim that there will be many entries made of practically useless caliber. It is a departure from the general run of stake conditions and the result will be watched with much concern by other associations and secretaries.

Dwyer's Dreams of Gravesend.

President P. J. Dwyer of the Brooklyn and Queens County Jockey clubs is still taking his daily exercise on Fifth Avenue. He intended taking a trip to Lakewood, but will not do so for a week or two unless the weather here gets bad.

"Some day I hope to see another Brooklyn Handicap run at Gravesend," said he. "I don't know when it will be, but I certainly would be satisfied with my racing career if I could once more see my way clear to open the Brooklyn gates. Some day people will see that to improve the breed of horses there must be competition between them. There should be favorable legislation in every state in the Union regulating horse racing. If such were the case it would not be long before we had the greatest race horses in the world in this country and plenty of useful horses for remount and general utility purposes. The Jockey Club and others interested in horses have a hard battle in hand to convince state officials of the value of the thoroughbred, but they will eventually do so though it may take years. The peculiar part of it is that all European countries encourage the thoroughbred and racing while a few malcontents in this country are doing all that is possible to check progression in the improvement of the most useful animal in existence."

Discussing the Selling Rules.

That the new selling race conditions adopted by the Jockey Club will meet with favor is the opinion of all those who have analyzed the rules. It also is the general belief that the clause compelling the winner of a race to be sold at auction is the one that will be generally used by the local secretaries, though the claiming races will be well patronized by the owners who have the cheaper variety of horses in their stables. By the new rules an owner can be well punished for entering a horse too cheaply, and the results of such financial punishment will be distributed among owners of winning horses in the future. So long as the rules provide for equity there can be few complaints.

It has been argued that the beneficiary after a run-up should be the owner of the second horse, as of old. This is offset by the fact that the new rules have checked what has been termed "the porch climber," or the intimidator, who in years past has made it a business to run-up horses for no other purpose than to gouge money from the owner of a winner by the run-up route. The latter's methods are so well known that description is unnecessary. Under the present edict no one knows who is going to benefit by a run-up, consequently there is no incentive to raise the price of a selling race winner unless he has been entered too cheaply, which, of course, is a matter of opinion. The general feeling in that the auction clause in the new rules will be generally used in the east and will work out satisfactorily.

The claiming races may cause a little dissatisfaction at times, especially if one or two "horse traders" take advantage of the opportunities offered. There is one grand chance for men who care to be classed among the "traders," though their methods will be in part checked by the conditions whereby a claimant can put as much in a claiming envelope as he thinks proper to get possession of a horse. Under the rule now in existence in New Orleans, which also has been operated at other tracks, a person is privileged to claim a winner after he has been conditioned by another trainer at considerable expense, enter the same horse two days later for the same price or as much more as its latest owner things proper, win a purse, and should any other owner wish to claim it, let it go. By this maneuver the "porch climber" has profited as much in two days as the original owner has in possibly six months with an expense of two days' feed bill and a jockey mount.

Loophole for Tricksters.

Another method for a "porch climber" will be to load up with three or four good selling platers, and as soon as he has gathered enough for his scheme he can ship them to Canada or elsewhere and race them under different rules, where he will be free from attack unless he is followed. In other words, an eastern owner may enter a selling plater for a fair value, and if it shows to be a good horse, in winning condition, he will immediately be claimed and taken or sent to another track and will practically be lost sight of so far as concerns any chance his first owner will have to reclaim the horse. This will not occur frequently, however, as the claiming races will be chiefly confined to the cheaper grade of the selling platers, and they can be protected under the Jockey Club rules, which make the claim clause practically a race for horses liable to be claimed by the highest bidder. Thus the sharpshooter will be somewhat checked in his methods.

No matter what rules are adopted, an avenue will always be open for sharp practice. But the man who enters a selling plater for his value as a selling plater will have no cause for complaint if he loses his horse, as he will have received its value. There will be no kick from this individual if his horse is claimed legitimately by a neighborly sportsman, but there will be a little feeling if the claimant is a horse trader taking advantage of rules that cannot possibly be better barricaded. The man who may suffer most is the one with a single horse. Should his only breadwinner be taken from him, he will have no chance to reclaim until he can buy another horse with which to become a claiming eligible. The man with little money at his command will always be at the mercy of the capitalist. But such is the fate of all in the horse-racing business; they have to accept what is offered and live up to the laws, which have never been known to suit all participants.

The Jockey Club has tried to cover the ground. It has tried to please all classes. The result will be watched with considerable interest throughout this country and Canada.

GRADUATED JOCKEY FEE SYSTEM.

A graduated jockey fee system is proposed by a Kentucky turf writer, who is confident that such a method would tend to improve racing. He says: "At present jockeys riding in Kentucky receive $25 for winning mounts and $10 for losing mounts. A jockey who finishes second or third receives no more pay than the jockey who finishes tenth in a field of ten. The purses are distributed to horses which finish first, second and third, and in stake races the fourth horse usually saves his stake entrance, then why should not the jockey money be distributed in the same manner? An easy way to divide the jockey money properly would be to pay $25 for winning mounts, $15 for placed horses, $10 for show horses and give $5 to the jockeys who failed to get their mounts in the money. This gives a premium for the boys who are always trying to get down in front. Too many mounts are now pulled up when their riders see they have no chance to win. If a graduated jockey fee system was in vogue, racing patrons would find their horses ridden out, and those who wager on them to place and show would have a much better opportunity of winning than they have now. Horsemen at Latonia discussed this rule last fall and were unanimous in their praise of such a measure."

IN ADVOCACY OF DIVIDED HANDICAPS.

Noted Authority Describes Method Originated by Him and Now Used in Australia.

(By W. S. Vosburgh.)

It is a subject of frequent comment, that our races, "for three-year-olds and over" are nearly all handicaps and selling races. The fact is due, partially, to the effect of the hostile legislation in New York in 1908-10; and later, as recovering slowly from its consequences, the conditions have not warranted offering races at weight-for-age, or with conditions based upon penalties and allowances.

But even before the legislation of 1908-10, the tendency toward handicaps and selling races had grown to an extent that all other forms of races had become rare. Racing secretaries had become chary of offering races based on penalties and allowances—the ghost of a "walkover" was ever present. I recall a walkover at Aqueduct in 1915. It almost produced a panic. Years ago, a walkover was not uncommon, and excited little attention. But latterly, there has arisen a creed that the conditions of every race must be framed to produce a large field. This has received additional impulse since the adoption of the pari-mutuel system; and were it not that the rules of racing hold that three entries qualify a race, it is possible that only three entries to a race would be followed by its being withdrawn.

In brief, the effort is to produce fields. To do this, condition races are considered unreliable. There is always present a fear that some horse will be "overlooked," and claim an allowance of weight that renders his prospect of winning so bright as to frighten off all opposition. Hence, handicaps and selling races rule supreme. Handicaps relieve the secretary, or race committee, of the trouble of thinking, while selling races are popular in so far as they enable the owners to select the weight their horses shall carry. The open handicaps have quite taken the place of weight-for-age or condition races. Indeed, this is so marked that they have become considered the legitimate prey of the best horses, and the success of a poor horse is actually resented and, after the race, it is discovered that he was "thrown-in"—due to a perverted understanding of the purpose of a handicap, which is to equalize the chances of all the starters. As to selling races, they have been a source of abuse for years, and to remedy which has been a thorn in the sides of our racing legislators.

What a Divided Handicap Is.

Divided handicaps would, in my opinion, go a long way toward helping matters. What I call a divided, or classified handicap, is one for which all the horses nominated are weighted the same as in any handicap; then divided into two classes—those handicapped about—say 105 pounds or 100 pounds, to form Race No. 1; those weighted below that figure, to form Race No. 2; only that the weights in Race No. 2 are raised ten pounds or fifteen pounds. By these means, we are enabled to have a race between horses of the first-class without their being compelled to concede undue weight to inferior horses—something approaching a weight-for-age race with classification.

In Race No. 2, raising the weights renders the horses probable starters, as it enables them to be ridden by competent jockeys—something which under their original allotment is rarely possible. In addition, it enables horses to win a handicap which they could not otherwise, being outclassed. Such horses at present belong in the selling race class, yet their owners rarely care to sell them. To this class, the divided handicap would open a new field of usefulness and thus help simplify the selling race question which has, is, and threatens always to be a vexatious one.

I originated the divided handicap as long ago as 1890. At the time, I was handicapper at Morris Park; also at Monmouth Park where the late D. D. Withers was the active spirit, and for whom I made the programs. One day I happened to mention the subject to him.

"Divided handicap?—divided handicap?" he inquired with his old man's habit of repeating his question, "what do you mean by a divided handicap?"

I explained the system.

"It's curious I never thought of that," he replied after some reflection.

"Don't you like the plan?," I asked.

"Like it?—like it?—of course I like it—(who said I didn't like it?). But d..n it! I can't think why it never occurred to me. How did you happen to think of it?"

Mr. Withers Tests the Plan.

The choleric old gentleman was thoroughly aroused and so I had to explain: I said that in open handicaps the owners of the best horses would not accept the weights their horses should carry if the chances of the poorer class of horses were to be considered. To retain the best horses, compelled a moderate maximum which depressed the scale so low that the poorer horses are too lightly weighted to be ridden by competent jockeys. In fact, the difference between the maximum and minimum was too little—it enabled the "crack" horses to monopolize the handicaps. My plan obviated that; it enabled the proper weighting of the best class in one race; and in the other, gave the selling platers a chance to race among themselves without liability to sale.

"Well," said Mr. Withers, when I had finished, "I like the idea and I think we should try it next year. You draw up the conditions and we'll make it a feature of the opening day at Monmouth Park."

I drafted the conditions, and Mr. Withers added them to the Fourth of July Handicap to be run on the opening day of the Monmouth Park meeting of 1891. When it was advertised in February of that year, its novelty caused some comment; many required it to be explained, but my old friend W. L. Powers, who was agent for many stables, with that loyalty for which he is so eminently distinguished, personally solicited support for it, and we had the satisfaction of having it close with 101 nominations—about double the number of any other all-aged handicap of the meeting. Even Coney Island's famous Suburban had only seventy-one nominations that year. The following were the conditions:

Conditions of the Race.

"Fourth of July Handicap, a sweepstake of $50 each, half forfeit, or only $10 if declared on the day before the day appointed for the race; weights to be published on the second day before the race; the winner of any handicap after publication of the weights to carry five pounds extra; the horses entered to be divided into two classes and the stakes into two stakes; those accepting over 105 pounds to form Race No. 1; those accepting 105 pounds or less to form Race No. 2; in Race No. 2 the weights are to be raised for three years old ten pounds; for four years old or upward, fifteen pounds more than they were handicapped. To each race $1,500 to be added, of which $350 to the second and $150 to the third; forfeits and declarations to accrue to the race to which the horse owning them is assigned by the handicapper. One mile."

Adverse legislation compelled the Monmouth Park Association to hold its meeting of 1891 at Morris and Jerome Parks. The Fourth of July Handicap was run at Morris Park on the opening day before a large assemblage. The first division race, Race No. 1, was won by the famous Raceland. The second division's race, Race No. 2, was won by Bermuda. In 1892, the race was renewed and run at Monmouth Park; Race No. 1 falling to Tournament which defeated Montana (the Suburban winner of that year) and others; the second division's race was won by Sir Mathew, beating among others, the filly Kildeer which soon after lowered the mile record in an actual race to 1:37¼.

The death of Mr. Withers, followed by the withdrawal of Messrs. Cassatt, Lorillard, Bennett, Wetmore and Galway, caused the Monmouth Park Association to pass into other hands. Then followed additional legislation of adverse character rendering it impossible to race in New Jersey, and the Monmouth Park Association ceased to exist.

How Used in Australia.

In Australia, however, the divided handicap has since been adopted and become quite popular. When, in 1910, S. S. Howland was in Melbourne, he wrote to me referring to it, and showed they had gone a step beyond my plan, and perhaps improved upon it. They divided it into three races: They start with the top-weight, 196 pounds. Horses handicapped at 162 pounds and over are qualified to start only in the first class; those handicapped between 127 pounds and 162 pounds are qualified to start only for the second class; those handicapped under 127 pounds are qualified only for the third class. Then the weights of all in the first class are reduced seventy pounds; in the second class thirty-five pounds; while those handicapped for the third class, carry the weight allotted by the handicapper. It will be seen that by this reduction the topweight in the first class, if accepting, carries only 126 pounds; in the second, only 127 pounds, and in the third, 126 pounds.

Since the running for the divided handicap at Monmouth Park in 1892 I have never as much as suggested its trial to any of the racing associations, knowing the reluctance to try innovations. But I believe it is progressive in spirit, and in practice, after it had become a fixture, would become a popular feature. It would allow a wider margin of weight and permit of the "crack" horses in the first division to be more equitably weighted without calling upon them to carry heavy burdens. It would give horses in the second class a chance to win which is difficult in open handicaps where the cramped scale gives the better horses too great an advantage. Finally, it would, or should open a new field to the horses now starting for selling races, in that they would escape the liability to sale, and thus possibly reduce the number of selling races which are the cause of so much vexation.

TOURISTS SWELL HAVANA ATTENDANCE.

Polo Playing a Sport Growing in Popularity, with Several Teams in Training.

(By T. K. Lynch.)

Havana, Cuba, January 26.—Now that the tourist season has set in, the crowds that turn out to witness the racing at Oriental Park are of record proportions. The early part of the meeting was, however, most successful, especially for the layers. During the past two weeks the backers have more than evened up matters and the public has certainly been getting the money of late. The volume of betting has increased wonderfully over previous meetings. The Cubans have already become strict adherents of the "dope" book and many of them are clever handicappers.

Bill Torpey (the globe trotter), who got in on Friday last, was much impressed with the improvement here. During the early part of the winter season he was at Tijuana and later on went to New Orleans. He reports that several handicappers at present at New Orleans, contemplate coming over within the next week, owing to the good reports that have been sent out from here by some of the bettors. The meeting here is well conducted. C. J. Fitz Gerald, the presiding steward, is certainly a hard worker and is on the job all of the time. James F. Milton, who has been managing the meeting in the absence of H. D. Brown, has been of great assistance to the stewards in keeping things straight. On some occasions his place in the starters' stand has been taken by Frank McGinty, who, by the way, has shown himself to be a first-class man at the barrier.

There has been a lot of work done on the grounds during the past couple of weeks, in completing the baseball diamond and building a polo field. The former is located directly in front of the grand stand while the polo field is opposite the club house. Polo has taken quite a hold and in a few years promises to be a big thing. Gen. Barry introduced the game down here in 1908. Colonel Treat, who was at the head of the intervention forces, formed three teams; a cavalry team composed of Captains Parker, Vidun, Stringer and Lieutenant Parker; also an infantry team and a team made up of some American players in Havana. In 1910 General Monteagudo, assisted by General Gomez, who was president of the republic at the time, formed four teams, which comprised the following players: Cavalry team—Captain Perdomo, Lieutenant Novat, Lieutenant Soyer and Lieutenant Pinda. The Artillery team was made up of Captain Silva, Captain Tevel, Lieutenant Tavio and Lieutenant Gomez. The following composed the Infantry team—Captain Linea, Lieutenant Ducasse, Captain Cardemas and Captain Sauguily. The others team was made up of members of the exclusive Vedado Tennis Club and comprised—Senor P. Franca, Senor E. Franca, Senor P. Aguina and Senor A. Fernandez. The Vadado Tennis Club is to Havana what the Union League Club is to New York. There was also a machine gun team and many tournaments were held under the auspices of the Cuban Polo Association.

Three Teams Active Now.

At present they have in Havana three teams, the Cavalry, Infantry and Vedado Club teams. The members of the latter are all young millionaires, big sugar planters on the island. There is also a team in Mantazas, another in Santa Clara and two in Camaguay. There is to be a polo tournament to be held here beginning February 15 and a team is coming down from Chicago, also several players from other points in the United States. The Cuban government has promised to provide mounts for all the American players. With this end in view the government recently closed a deal with G. M. Preece in which they purchased the entire band of ten high-class polo ponies that Mr. Preece brought over from the states in November. Mr. Herbert of the American Polo Association is expected here for the horse show, which will be held at Oriental Park the latter part of February, and it is the intention of the different polo clubs on the island to join the American Polo Association. Major Silva is the moving spirit in polo down here and Captain Yorke, an American, is secretary of the Cuban Polo Association. They have two polo fields in Havana besides others in Camaguay, Santa Clara and Mantanzas. G. M. Preece has played quite a bit of polo at Camp Columbia and he will probably captain the team that goes from here to Camaguay next week to play a match game. Camaguay is the Kentucky of Cuba. It is a great stock raising country and they breed some fine horses and cattle in that section of the island.

Senor Tolon's Imperator, which made his first appearance of the season on Saturday last, has developed into a splendid-looking horse. He is going sound again and still possesses that keen turn of speed that he showed so often last winter. In his race on Saturday he ran his first three-eighths in better than 35.

One hundred and thirty-six horses have won one or more races here. Of this number, eighty-one won one race; thirty-two, won two races; eleven, won three races; three, four races, and four, five races. In the latter division are Refugee, Liberator, Silver Bill and King Tuscan.

Jockey T. McCullough has announced his retirement from the saddle for the remainder of the winter. He will, however, train a few horses and already has taken over the filly Welga. McCullough was presented with a handsome young daughter, who was born in Marianno last week.

NEW ORLEANS WORK-OUTS.

New Orleans, La., January 26.—Morning work at the Fair Grounds goes on as usual, despite the bad condition of the track, and the following were some recent trials, with the "dogs" placed twenty-five feet from the inner rail:

Ahara—Seven-eighths in 1:46.
Arriet—Half mile in 1:04.
Baby Cal—Half mile in 1:00.
Bac—Half mile in 1:03⅗.
Bean Spiller—Half mile in 56.
Blue Grass Belle—Half mile in 1:00.
Bombast—Three-eighths in 43⅗.
Brumley—Five-eighths in 1:20.
Chas. Nahm—Three-eighths in 43.
Colonel Vennie—Five-eighths n 1:10⅗.
Egmont—Three-eighths in 40.
Ella Ryan—Half mile in 59.
Emma Stuart—Half mile in 56⅗.
Ex-Sheriff—Half mile in 56.
Frisky—Half mile in 56.
Gleipner—Half mile in 53⅗.
Grundy—Three-quarters in 1:26.
Harry Lauder—Mile in 2:07.
Hazelnut—Five-eighths in 1:11.
Heir Apparent—Three-quarters in 1:34.
Hubbub—Half mile in 55.
Ill Savin—Three-quarters in 1:34.
Indian Chant—Three-quarters in 1:31.
Ischgabibble—Half mile in 1:04.
Jack Reeves—Half mile in 1:00.
Jim Winn—Half mile in 56.
John Douglas—Five-eighths in 1:11.
Kebo—Three-eighths in 41.
Marie Miller—Five-eighths in 1:16.
Mayme W.—Three-eighths in 41.
Moss Fox—Three-quarters in 1:31.
Neape—Three-eighths in 43.
Patapsco—Three-quarters in 1:30.
Pierce W.—Five-eighths in 1:10⅗.
Polroma—Five-eighths in 1:19.
Primary—Five-eighths in 1:13⅕.
Ray o'Light—Three-quarters in 1:31.
Recluse—Half mile in 55.

Equivalent booking odds—Delos, 145 to 100 straight, 50 to 100 place, 10 to 100 show; Safe and Sane, 90 to 100 place, 20 to 100 show; Madtour, 15 to 100 show.

Winner—Ch. g, by Cyclades—Lida B. (trained by J. J. Booker; bred by Williams & Radford).

Went to post at 3:01. At post 1 minute. Start good and slow. Won easily; second and third driving. DELOS raced SAFE AND SANE into defeat in the first half and drew away into an easy lead in the last eighth. SAFE AND SANE ran a good race and finished gamely. MADTOUR was cut off directly after the start and pulled up, then made a fast finish. SALZORA'S saddle slipped when rounding the far turn and she was pulled up. SISTER RILEY was eased up in the last eighth. OLD MAN CRIT ran well.

Overweights—Safe and Sane, 2½ pounds; Madtour, 2; Marblehead, 4; Salzora, 2½.

Annual Racing Form for 1916
IS NOW ON SALE

ANNUAL RACING FORM

THE INTERNATIONAL AUTHORITY ON AMERICAN RACING

Circulating in the United States, Cuba, Philippine Islands, Canada, Mexico, England, France, Germany, Austro-Hungary, Australia, India, Argentina, Chili, Peru, etc., etc.

THIS BOOK CARRIES

indexed form charts of all recognized racing in the United States, Canada, Cuba and Mexico, has supplanted all others for the use of racing officials and is universally used by jockey clubs throughout the world. Compact, accurate, perfectly printed, with absolutely correct index, on linen paper, lettered, and bound in flexible leather. Contains, besides charts of all recognized racing on American tracks, the American and Canadian time records, scales of weights of various governing bodies and records of jockey mounts in the United States, Canada and Mexico, for the year.

The Special Attention of Students of Form

is directed to the method of indexing the charts. The index shows each and every start of all horses that have raced, with firsts, seconds, thirds and track conditions designated on the occasion of each and every start. By means of this innovation it is possible for the user of the Form Book to instantly determine a horse's ability to run on any sort of track concerning which information is desired, as shown in the following example:
